# 1. Commitment

At Coca-Cola Europacific Partners API and its related companies (including its subsidiaries), we are proud of our history, our products, brands, and our people. We are committed to building value for our shareholders, and we aim to always be held in the highest regard by our customers, regulators and all our stakeholders. We are dedicated to protecting and upholding our reputation as an ethical and responsible corporate citizen – focused on today and tomorrow, and confident in the future, sustainability, and longevity of our company.

We are all ambassadors for our values, and we are committed to ensuring our business practices are ethical, legal, straight forward, and open. We are respectful of, and compliant with, the laws in all parts of the world in which we operate, and our reputation is at the core of everything that we do. Our Code of Conduct sets our expectations – of each other, our suppliers and contractors, and anyone who works with or for us – “Our Way”.

Creating a supportive environment where our people feel safe to speak up is one of our core values and underpins our workplace culture.

Senior management of Coca-Cola Europacific Partners API encourage speaking up and reporting potential misconduct. A failure to speak up exposes Coca-Cola Europacific Partners API to risks and undermines our culture and values. We will not tolerate anyone being discouraged from speaking up or being disadvantaged or victimised because they want to speak up or they have done so.

## 2. Purpose and Application

This Whistleblower Protection Policy (the Policy) has been adopted to reinforce that Coca-Cola Europacific Partners API provides a safe and confidential environment where concerns regarding misconduct, impropriety or wrongdoing may be raised without fear of reprisal or detrimental treatment.

This Policy sets out:

- a) when you will be protected for speaking up about misconduct;
- b) the protections that may be provided to you if you speak up; and
- c) how disclosures made under this Policy will be handled by Coca-Cola Europacific Partners API.

All officers, employees, and contractors of Coca-Cola Europacific Partners API, wherever they are based, must comply with this Policy. Officers, employees, and contractors based outside of Australia may also be subject to additional local Whistleblower requirements in the country in which they are based.

This Policy is made available on the Corporate Governance section of our external website at [www.cocacolaep.com](http://www.cocacolaep.com).

This Policy also protects those who are entitled to protection under the Australian Whistleblower laws (see section 9 of this Policy).

## 3. Who is protected under this Policy?

You will be protected under this Policy if:

- a) you are one of the individuals set out in section 4;
- b) you disclose information about the type of matters set out in section 5; and you disclose information about
- c) the types of matters set out in section 5; and you disclose that information
  - internally to one of the persons set out in section 6; or
  - externally to one of the persons set out in section 9.

## 4. Who may make a protected disclosure?

You may make a disclosure that qualifies for protection under the Australian whistleblower laws if you are or were:

- a) an officer or employee of Coca-Cola Europacific Partners API, including permanent, part-time, fixed-term or temporary employees or interns and secondees;

- b)** supplier of goods and services to Coca-Cola Europacific Partners API, whether paid or unpaid (for example contractors, consultants, service providers and business partners),
- c)** an associate of Coca-Cola Europacific Partners API; or
- d)** a parent, grandparent, child, grandchild, sibling, spouse or dependent of any of the above people.

## 5. What may a protected disclosure be about?

We encourage people to make disclosures about a broad range of matters. Whilst not all matters will qualify for protection under the Australian whistleblower laws, we will treat all disclosures made under this Policy in the same way.

Disclosures do not have to be about breaking the law.

Eligible disclosures may be about misconduct or an improper state of affairs or circumstances in relation to Coca-Cola Europacific Partners API (including by an officer or employee of Coca-Cola Europacific Partners API) that you have reasonable grounds to suspect has occurred or is occurring in relation to Coca-Cola Europacific Partners API.

Disclosures solely about a personal work-related grievance are not covered by this Policy and do not qualify for protection under the Australian whistleblower laws (unless they also relate to any detriment or threat of detriment by reason of you making/being suspected of making a protected disclosure or constitute conduct that may indicate a systemic issue in relation to Coca-Cola Europacific Partners API).

### Examples of eligible disclosures

Some examples of eligible disclosures include:

- Conduct that amounts to a criminal offence or contravention of the Corporations Act 2001 or Australian Securities and Investments Commission Act 2001;
- Conduct that is a Commonwealth criminal offence punishable by more than 12 months imprisonment;
- Illegal conduct, such as fraud, theft, corruption, bribery, criminal damage to property or breaches of work health and safety laws;
- Fraud, money laundering or misappropriation of funds;
- Negligence, default, breach of trust and breach of duty;
- Improper, unethical or dishonest conduct, such as misuse of company assets, conflicts of interest or abuses of authority;
- Conduct that poses a significant risk to public safety or the stability of, or confidence in, the financial system;

- Any conduct that may indicate a systemic issue in relation to Coca-Cola Europacific Partners API;
- Any business behaviours and practices that may cause consumer harm;
- Conduct that is damaging to Coca-Cola Europacific Partners API financial position or reputation;

- Unauthorised use of Coca-Cola Europacific Partners API's confidential information, including in terms of product pricing and product development; or
- Anti-competitive behaviour.

### **Personal work-related grievance**

A personal work-related grievance means a grievance about any matter in relation to your employment or former employment that has, or tends to have, implications only for you personally. Examples of a personal work-related grievance includes (but are not limited to):

- An interpersonal conflict between you and another employee;
- A decision that does not involve a breach of workplace laws;
- A decision about your engagement, transfer or promotion;
- A decision about your terms and conditions of engagement, payroll, or remuneration; or
- A decision to suspend or terminate your engagement, or otherwise discipline you.

If your disclosure is a solely personal work-related grievance, you should direct it to the relevant manager or supervisor, People & Culture business partner or to any member of Coca-Cola Europacific Partners API's Leadership Team.

### **Reasonable grounds to make the disclosure**

You may still qualify for protection if your disclosure turns out to be incorrect, but you must have reasonable grounds for suspecting that the information you are disclosing concerns misconduct or an improper state of affairs or circumstances in relation to Coca-Cola Europacific Partners API.

A disclosure made without reasonable grounds (such as where you know it to be false) may amount to misconduct and be subject to disciplinary action

## 6. Who may receive a protected disclosure?

However, we encourage you to make your disclosure to one of our dedicated Whistleblower Protection Officers (WPOs) or our external whistleblower hotline service, which is an independent and confidential 24/7 external service operated by KPMG on behalf of Coca-Cola Europacific Partners API.

## Protection from detriment

Coca-Cola Europacific Partners API is committed to protecting people who make disclosures under this Policy.

## 9. How this Policy interacts with the Whistleblower Laws

### Australian Whistleblower Laws

By making a disclosure in accordance with this Policy, you may be protected under the Australian whistleblower laws if the type of matter you disclose is protected by those laws.

While this Policy principally deals with internal disclosures, the protections afforded by the Australian whistleblower laws (set out in section 8) also include some types of disclosure made to external parties, such as:

- legal representatives, to obtain advice or representation about the Australian whistleblower laws;
- ASIC, APRA or the ATO; or
- MPs or journalists, where you have reasonable grounds to believe that making the further disclosure would be in the public interest or the information concerns a substantial and imminent danger to the health or safety to one or more persons or to the natural environment, but only if:
  - you previously made a disclosure of that information to either ASIC, APRA or another Commonwealth body prescribed by regulation; and
  - you notified that body in writing of your intention to disclose to an MP or journalist (where, for public interest disclosures, at least 90 days must first have passed since your previous disclosure before this notice may be given).
  - It is important you understand strict criteria apply and you should obtain legal advice before making a disclosure to an MP or journalist.

For more information about the Australian whistleblower laws (including how to make a disclosure directly to ASIC or the ATO), see the information available on the ASIC website (including Information Sheet 239 How ASIC handles whistleblower reports) and the ATO website.

### Whistleblower Laws outside Australia

You may make a report regardless of where you are or where the conduct is occurring.

If your disclosure concerns the conduct of Coca-Cola Europacific Partners API, Coca-Cola Europacific Partners API people, or Coca-Cola Europacific Partners API operations outside of Australia, you may also have protections and obligations under the whistleblower laws of that country. Please see the Country Schedule in Appendix 2.

If there is nothing specified for a country, the general provisions of this Policy apply in full.

# 10. Investigations

## Investigation process

When you make a disclosure under this Policy, your disclosure will typically be investigated as follows and by maintaining confidentiality in accordance with section 8.1:

<b>STEP 1</b>	The person who receives your disclosure will provide the information to a WPO, as soon as practicable, ensuring your identity is protected (in accordance with section 8.1), unless you have consented otherwise.
<b>STEP 2</b>	The WPO will determine whether your disclosure is covered by this Policy and, whether a formal, in- depth investigation is required. If an investigation is required, the WPO will determine whether the investigation should be conducted internally or externally and appoint an investigator with no personal interest in the matter to conduct an investigation. The WPO may consider that an external investigation is appropriate to ensure fairness and independence or because specialist skills or expertise are required.
<b>STEP 3</b>	The investigator(s) will conduct the investigation in an objective and fair manner, ensuring that they give any employee who is mentioned in the disclosure an opportunity to respond to the allegations prior to any adverse findings being made against them. Those employees are also entitled to access the support services referred to in section 11.  If you can be contacted (including through anonymous channels), we will give you regular updates on the status of the investigation as appropriate, with the frequency and timing of such updates depending on the nature of your disclosure.
<b>STEP 4</b>	The outcome of the investigation will be reported to the Board (protecting your identity, if applicable) and may, if the WPO considers appropriate, be shared with you.

Appropriate records and documentation for each step in the process will be maintained by the investigator.

We encourage you to raise any concerns you have about the investigation of your disclosure (including breach of confidentiality) with the WPO assigned to your disclosure or the person to whom you made your disclosure.

### **Duration of investigation**

Coca-Cola Europacific Partners API will aim to conclude the investigation as soon as possible, and within 6 months of receiving your disclosure, and we will consider whether any further steps need to be taken. That time may vary depending on the nature of your disclosure.

### **Coca-Cola Europacific Partners API may require further information to investigate disclosures**

We may not be able to undertake an investigation if it is not able to contact you or receive additional information to fully investigate your disclosure. If you have made your disclosure anonymously, we suggest you maintain ongoing two-way communication with Coca-Cola Europacific Partners API, so we may ask follow-up questions or provide feedback. You may refuse to answer questions that you feel may reveal your identity at any time.

### **Investigations will be conducted in accordance with confidentiality provisions**

Subject to the exceptions allowed under section 8.1 of this Policy or otherwise by law, the identity of a discloser (or information that is likely to lead to their identity becoming known) must be kept confidential at all times during and after the investigation (including in any reporting to the Board or to any persons affected).

## **11. Support and practical protections**

Coca-Cola Europacific Partners API has in place processes for protecting, supporting, and monitoring the welfare of anyone who makes a disclosure. This includes risk assessment of any potential detriment, work adjustment considerations and support services such as stress management strategies which may include counselling.

## 12. Board Reporting

The WPOs may, where appropriate, report (whilst maintaining confidentiality in accordance with section 8.1) to the Board or its nominated Committee at least quarterly on all active whistleblower matters, including information (where available) on:

- the number and nature of disclosures made in the last quarter (for example, by who, who to and matter type);
- How disclosures were reported;
- The status of any investigations underway;
- The frequency of communications with disclosers; and
- The outcomes of completed investigations and actions taken;
- The timeframes for responding and investigating disclosures.
- 

The Group Director – Legal & Corporate Affairs will also be informed of any disclosure that may give rise to continuous disclosure obligations under the ASX Listing Rules including information that may be materially price sensitive.

The Group Director – Legal & Corporate Affairs will inform Coca-Cola Europacific Partners API's Continuous Disclosure Committee or the Board of such incidents, in accordance with Coca-Cola Europacific Partners API Disclosure & Communications Policy and they will make any disclosure in compliance with this Policy.

## 13. Training

Our WPOs and all eligible recipients of disclosures must attend compulsory training organised by Coca-Cola Europacific Partners API on responding appropriately to disclosures made under this Policy, including training on confidentiality and the prohibitions against detrimental conduct.

Coca-Cola Europacific Partners API will inform its external eligible recipients (for example, its auditor) about their obligations under the Australian whistleblower laws.

Coca-Cola Europacific Partners API employees (including those in any overseas- based operations) must also attend compulsory training on our whistleblower program which will include information on how to make a disclosure, what the disclosure may be about, to whom a disclosure may be made, the protections and support available and when further information or independent legal advice might be sought.

## 14. Non-compliance with this policy

Any breach of this Policy by an officer, employee or contractor of Coca-Cola Europacific Partners API will be taken seriously and may be the subject of a separate investigation and/or disciplinary action.

A breach of this Policy may amount to a civil or criminal contravention under the Australian whistleblower laws (and any local laws in Coca-Cola Europacific Partners API's non-Australian jurisdictions), giving rise to prosecution, fines, or other actions.

We encourage you to raise any concerns about non-compliance with this Policy with a WPO in the first instance. You may also lodge any concerns with ASIC, APRA or the ATO for investigation.

## 15. Policy review

This Policy must be reviewed by the Board or its nominated Board Committee with the assistance of the WPOs at least every two years to ensure it is operating effectively. Any recommended changes must be approved by the Board or its delegated committee.

The Group Company Secretary is authorised to make administrative and non-material amendments to this Policy provided that any such amendments are notified to the Board or its nominated Board Committee at or before its next meeting.

Coca-Cola Europacific Partners API will ensure any updates to this Policy, its processes and procedures following a review are widely disseminated to, and easily accessible by, individuals covered by this Policy. Where necessary, additional training will be provided.
