CCEP opens new site targeting 5 Star Green Star Rating

This month we celebrate the official opening of a brand-new, \$40 million warehouse facility in Richlands (QLD) in partnership with Charter Hall. The new building is targeting a 5 Star Green Star Rating and reflects our continued investment in more efficient and sustainable infrastructure.

Located adjacent to our Richlands Production and Distribution Centre, the warehouse will enable more seamless integration between our teams and allow us to deliver even better service to our 17,000-plus customers in the Sunshine State. [Read more.](#)

CCEP delivers solid top-line growth in Q1

Earlier this month we published our trading update for the first quarter of 2023. As presented by CEO Damian Gammell, the Company delivered solid top-line growth and revenue, building good momentum at the start of the year. [Read Q1 2023 results.](#)

Leading beverage companies to help deliver new Container Deposit Scheme in Victoria

At CCEP, we're determined to be a catalyst in Australia's circular economy, including in Victoria, a State that's long been integral to our business.

This past month we have reached a milestone on the journey towards a closed loop for our bottles and cans in Australia as we celebrate the Victorian Government's announcement of CDS Vic and the appointment of VicReturn, of which we are a part, as the Scheme Co-ordinator.

Together with our VicReturn partners, Asahi Beverages and Lion, we couldn't be more excited by the step-change this represents for the future of Victoria's circular economy and we look forward to working with the Victorian Government to give people across the State the opportunity to take part in and benefit from Australia's newest container deposit scheme. CCEP joins Ellen MacArthur Foundation

In February, CCEP became a member of the Ellen MacArthur Foundation – an NGO with a mission to accelerate the transition to a circular economy.

As an organisation, they develop and promote the idea of the circular economy, engage (and inspire) key actors in the system, and they mobilise system solutions at scale, globally.

This membership will allow us to learn from some of the very best, network, collaborate, and further demonstrate our commitments to deliver better outcomes for people, and the environment.

Coca-Cola Australia Foundation welcomes new Flagship Partner, The Warrior Woman Foundation

The Coca-Cola Australia Foundation (CCAF) and The Warrior Woman Foundation have announced a half-million-dollar partnership to support vulnerable young Australian women achieve financial independence and resilience.

Within 12 months of young women leaving foster care in New South Wales, 50 per cent become unemployed, homeless, pregnant or end up in jail¹ and the 28 per cent who become pregnant are 10 times more likely to have their child removed, adding to the generational cycle of trauma.

The new \$508,200 grant from CCAF will allow Warrior Woman to deliver its financial literacy program to 120 young women who are at risk of not finishing high school, are leaving out-of-home care programs or who would benefit from guidance. It will focus on supporting those located in Sydney, and the Hunter and Illawarra regions.

New investment in support of the Bottle of the Future

We're accelerating our ambition to use no new plastic in our bottles through an investment in technology that offers a new lease of life for hard-to-recycle plastic polyester waste, and creates high quality rPET for food and drink packaging.

Through CCEP Ventures, we're making a further investment in recycling start-up CuRe Technology, which uses 'polyester rejuvenation' to target plastics that cannot be recycled by mechanical recycling methods and prevents them from being incinerated, downcycled or sent to landfill.

CCEP will have access to CuRe Technology's rPET for use in its bottles in Europe, which will be supplied by a new plant set to start production in 2025.
