Forward-Looking Statements

This document contains statements, estimates or projections that constitute "forward-looking statements" concerning the financial condition, performance, results, strategy and objectives of Coca-Cola European Partners plc and its subsidiaries (together "CCEP"), CCEP's proposed acquisition (the "Acquisition") of Coca-Cola Amatil Limited and its subsidiaries (together "CCL") and the integration of CCL into CCEP. Generally, the words "believe," "expect," "intend," "estimate," "anticipate," "project," "plan," "seek," "may," "could," "would," "should," "might," "will," "forecast," "outlook," "guidance," "possible," "potential," "predict," "objective" and similar expressions identify forward-looking statements, which generally are not historical in nature.

Forward-looking statements are subject to certain risks that could cause actual results to differ materially from CCEP's and CCL's historical experience and present expectations or projections, including with respect to the Acquisition. As a result, undue reliance should not be placed on forward-looking statements, which speak only as of the date on which they are made. These risks include but are not limited to:

- 1. those set forth in the "Risk Factors" section of CCEP's 2020 Annual Report on Form 20-F, including the statements under the following headings: Business continuity and resilience (such as the adverse impact that the COVID-19 pandemic and related government restrictions and social distancing measures implemented in many of our markets, and any associated economic downturn, may have on our financial results, operations, workforce and demand for our products); Packaging (such as refillables and recycled plastics); Cyber and social engineering attacks and IT infrastructure; Economic and political conditions (such as the UK's exit from the EU, the EU-UK Trade and Cooperation Agreement, and uncertainty about the future relationship between the UK and EU); Market (such as disruption due to customer negotiations, customer consolidation and route to market); Legal, regulatory and tax (such as the development of regulations regarding packaging, taxes and deposit return schemes); Climate change and water (such as net zero emission legislation and regulation, and resource scarcity); Perceived health impact of our beverages and ingredients, and changing consumer buying trends (such as sugar alternatives and other ingredients); Competitiveness, business transformation and integration; People and wellbeing; Relationship with TCCC and other franchisors; Product quality; and Other risks; and*
- 2. those set forth in the "Business and Sustainability Risks" section of CCL's 2020 Financial and Statutory Reports including the statements under the following headings: COVID-19 related risks; The Coca-Cola Company (TCCC) and other brand partners relationship risk; Economic and political risks; Cyber risk; Foreign exchange risk; Key personnel risk; Beverage industry risk; Regulatory risk; Corporate social responsibility risk; Climate change risk; Supply chain risk; Litigation and legal disputes risk; Malicious product tampering risk; Workplace Health & Safety (WHS) risk; Business interruption risk; Product quality risk; Fraud risk.*
- 3. risks and uncertainties relating to the Acquisition, including the risk that the businesses will not be integrated successfully or such integration may be more difficult, time consuming or costly than expected, which could result in additional demands on CCEP's resources, systems, procedures and controls, disruption of its ongoing business and diversion of management's attention from other business concerns; the possibility that certain assumptions with respect to CCL or the Acquisition could prove to be inaccurate; the failure to receive, delays in the receipt of, or unacceptable or burdensome conditions imposed in connection with, all required regulatory approvals, shareholder approvals and the satisfaction of closing conditions to the Acquisition; ability to raise financing; the potential that the*

Acquisition may involve unexpected liabilities for which there is no indemnity; the potential failure to retain key employees of CCEP and CCL as a result of the proposed Acquisition or during integration of the businesses and disruptions resulting from the proposed Acquisition, making it more difficult to maintain business relationships; the potential if the Acquisition is not completed in a timely manner or at all for (i) negative reaction from financial markets, customers, regulators, employees and other stakeholders, (ii) loss of time spent on an unsuccessful Acquisition, and (iii) litigation related to the Acquisition.

The full extent to which the COVID-19 pandemic will negatively affect CCEP and/or CCL and the results of their operations, financial condition and cash flows will depend on future developments that are highly uncertain and cannot be predicted, including the scope and duration of the pandemic and actions taken by governmental authorities and other third parties in response to the pandemic.

Due to these risks, CCEP's and CCL's actual future results, dividend payments, and capital and leverage ratios may differ materially from the plans, goals, expectations and guidance set out in forward-looking statements (including those issued by CCL prior to the Acquisition). These risks may also adversely affect CCEP's share price. Additional risks that may impact CCEP's and CCL's future financial condition and performance are identified in filings with the United States Securities and Exchange Commission ("SEC") which are available on the SEC's website at www.sec.gov and at the Australian Stock Exchange which are available at www.asx.com.au. Neither CCEP nor CCL undertake any obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events, or otherwise, except as required under applicable rules, laws and regulations. Furthermore, neither CCEP nor CCL assumes any responsibility for the accuracy and completeness of any forward-looking statements. Any or all of the forward-looking statements contained in this filing and in any other of CCEP's or CCL's respective public statements (whether prior or subsequent to the Acquisition) may prove to be incorrect.
