

ACTION ON SOCIETY (PEOPLE)

The Rainbow Network - promoting an inclusive workplace culture

(Germany)

We have a number of employee networks providing safe and supportive spaces for employees from diverse backgrounds. One example is the Rainbow Network in Germany, which provides networking opportunities for LGBT colleagues and their supporters, as well as raising awareness of LGBT issues. By taking part in job fairs and other events, the network also helps to build our reputation as an inclusive employer in the external marketplace. Thanks to the work of the Rainbow Network, CCEP Germany was awarded the PRIDE 500 seal for supporting workplace pride.
