

# ACTION ON SOCIETY (COMMUNITY)

## **One Young World** (The Netherlands)

One Young World is a UK-based charity that brings together some of the world's brightest young leaders every year, empowering them to make lasting connections to create positive change. Nine CCEP delegates took part in the One Young World 2018 Summit, which was held in The Hague, the Netherlands. They joined 1,800 other young leaders from more than 190 countries to discuss pressing social and sustainability issues with leading companies, non-governmental organisations and key influencers. In our site in Dongen, the nine delegates joined 80 Coca-Cola system employees to learn about the work we are doing to deliver our sustainability commitments. They also took part in a hands-on litter collection activity in partnership with Plastic Whale in Amsterdam.
