

# 2018 SASB Index

Our 2019 report is the first time that Coca-Cola European Partners has reported to the Sustainability Accounting Standards Board framework. In our [2018 Sustainability Stakeholder Report](#), which includes [CCEP's 2018 Integrated Report](#), 2018 performance data and a series of online case studies we report the progress we've made on [This is Forward](#), our joint sustainability action plan with The Coca-Cola Company in Western Europe.

The report has been prepared in accordance with the [Global Reporting Initiative](#) (GRI) principles at Core level. It has been independently assured DNV GL. The work completed by DNV GL and their conclusion is described in the [Independent Assurance Statement](#).

Currently, we do not track all metrics included in the Non-Alcoholic Beverages Standards but will work towards including more data in the future.
