

# ACTION ON SOCIETY (COMMUNITY)

## Special Olympics (Six territories)

We are the official partner of the Special Olympics national games – the biggest national sports event for people with learning disabilities in Belgium, France, Great Britain, the Netherlands and Spain. Every year our employees support the Special Olympics through fundraising and volunteering. 2018 marked the 40th anniversary of our long-term charity partner Special Olympics Great Britain, as well as the 50th anniversary of the worldwide Special Olympics movement. To show our support for this double celebration, employees in Great Britain launched an awareness raising campaign and volunteered at the Anniversary Games in Stirling, Scotland. Fundraising and volunteering activities also took place in Belgium, Germany and the Netherlands.
