We are taking action on sustainability by using our business and our brands to build a better shared future. For people. For the planet.

**ACTION ON DRINKS**
We’ll be a total beverage company, offering consumers an even greater choice of drinks with reduced sugar.

We’ll reduce the sugar in our soft drinks by 10% between 2015 and 2020, and that’s in addition to the 5% reduction achieved in the previous 5 years.1

We’ll aim for 50% of our sales to come from low or no calorie drinks.2

We’ll continuously evolve our recipes and portfolio to offer a greater choice of drinks.

We’ll make it easier for consumers to cut down on sugar with straightforward product information and smaller pack sizes.

We’ll make sure we don’t advertise to children under 12 and that our sales and marketing practices evolve in line with external expectations.

**ACTION ON CLIMATE**
